Personal Overview

As an aspiring web developer, I have successfully completed a comprehensive front-end web development course. My expertise includes HTML, CSS, JavaScript, Bootstrap, React.js, and Git version control. I am highly motivated to pursue a career in coding due to my passion for the field. My ultimate goal is to enhance my skills to become a senior developer and to be an excellent team member that people will be proud to have on their team.

Certificate: Front-end Web Development

I achieved the certificate of the Front-end Development course provided by The Learning People. Throughout the course I extensively learned HTML, CSS, JavaScript and Git version control. I demonstrated my knowledge in 3 projects. I took it upon myself to learn Bootstrap and React.js.

Project 1 - Created a web CV using HTML, CSS, and Bootstrap.

Project 2 - Built a quiz game using HTML, CSS, JavaScript and Bootstrap.

Project 3 - Replicated an e-commerce website from design images with React.js.

Work History

2020 — Present ***Boxing Coach and Fitness Instructor***

As a highly experienced boxer since my teenage years, I became a personal coach in my community. My coaching experience has enhanced my interpersonal skills and enabled me to build confidence in individuals. I have been able to help my clients improve their fitness, hone their boxing skills, and win competitions.

2017 – 2023 ***Private Arabic Tutor***

Having an interest in the Arabic language and being a highly motivated individual, I began learning from various online resources, and subsequently pursued an intensive course to reach a level of fluency. This led to becoming self-employed and gaining a reputation for my teaching abilities.

2019 — Present ***Amazon Warehouse Associate***

Through consistent hard work and excellent productivity, I have ranked among the top 10% of associates every week — demonstrating a strong work ethic, dedication, and commitment to meeting targets which resulted in an offer for a permanent position.

2018 – 2019 ***Support Care Worker and Supervisor***

In this role, I was a positive role model and mentor to those in my care. I made crucial decisions in high-pressure situations, including incidents of violence, while ensuring the safety and wellbeing of myself and others. Additionally, I gained a deep understanding of the importance of data protection and confidentiality.

2017– 2018 ***Factory Inspector for HMC***

I worked collaboratively with diverse groups of people. I was entrusted with a significant responsibility to ensure that all food products leaving the factory met company standards.

Hobbies

Chess: Having nearly played 9,000 games on chess.com, my Elo rating is 1,221 in Blitz chess (3 minutes of moving time). I often play chess in my spare time.

Coding: I absolutely love coding. I find it so addictive and euphoric. I am very patient when it comes to bugs as I enjoy problem solving.

Gaming: I am a fan of PC gaming. I've been into gaming most of my life. I predominantly like RPG games such as Final Fantasy and I'm a big fan of Resident Evil and Metal Gear Solid.
